There are numerous ways to make other gifts that are transformational to students, and you and your family as well. UH Libraries Strategic Priorities create meaningful and personal opportunities for your philanthropic support of our mission. They allow you to reach out, inspire, and fully recognize the transformative power you can create so you may share in the joy and beneficial outcomes of your philanthropy.

FROM MANY GIFTS A GREAT LIBRARY GROWS

PLANT A SEED START AN ACORN TODAY!

Your gifts become agents of change. They shepherd the community, embracing knowledge, serving as accelerators of ideas, and engines of creativity.

Whether you begin your journey of support with an annual fund gift, an honor or memorial gift, by “planting” an acorn endowment, or by being a leader whose gifts make major strides forward, your gifts are always transformative.

Your gifts spark a noble cycle. Faculty and students choose to work and study where resources are most readily available for their research. Companies choose to locate where talent, research expertise and human capital add value to businesses. Alumni, visiting scholars, teachers, authors, bibliophiles, lifelong learners, history and cultural buffs, preservationists, musicians, artists, and all the members of a vibrant local community come to rely upon a great public university library.

We cannot make that happen alone, we need your support to accomplish our goals.

BUILD BRIGHT FUTURES

“THEY HAVE THE FIRE: YOU HAVE THE FUEL”

MEMORIAL & HONORARY PROGRAM

A gift to UH Libraries is a significant and meaningful way to honor or memorialize friends and loved ones. You can recognize joyous occasions, express gratitude, or commemorate lives that matter to you most – while also empowering education and making a meaningful contribution to your community.

When you make a commemorative gift an attractive personalized card & letter is quickly sent to the person or family you specify. The amount of the gift is never disclosed unless you request us to do so.

We send a tax receipt to you, the donor, since UH Libraries are a part of the University of Houston, a tax qualified charitable & educational organization.

For Big Reasons, or for No Reason at All

- Celebrate – birthday’s, Mother’s Day, Father’s Day, weddings, anniversaries, bar or bat mitzvahs, births, graduations and holidays with a gift in honor of someone special.
- Recognize achievements, promotions, retirements, or milestones.
- Offer condolences and sympathy.

A gift of $100, or more, can be used to create a Commemorative Bookplate inside an item in a subject matter of your choice. Thereafter, anyone using this material will view your tribute. An electronic version will also be created in our digital record, and can be viewed online.

Each gift is used to improve and expand the library’s facilities, equipment, and programs in keeping with our strategic plan. You will also receive recognition inside eligible donor publications.

ACORN ENDOWMENT PROGRAM

By establishing an Acorn Account with an initial gift of $1,000 payable during the first year, and making subsequent annual gifts during the next decade until your account reaches $10,000 or more, your donations will become a permanent investment in the future of a great library, and the public we serve. Your early gifts will be pooled with other Acorn Accounts to provide annual interest income designated to support the libraries’ greatest needs.

Just by setting up and Acorn Account you are creating a yearly gift to the library.

Once your account reaches $10,000 your donations will form a new endowed fund that can be directed to any UH Libraries’ priority area, at your discretion.

Your personalized Acorn Endowment will last in perpetuity—empowering others and transforming lives forever.

Grow it faster! Check to see if your, or a spouse’s, employer matches gifts in support of education at the University of Houston!
