

MAKERSPACE

@UH LIBRARIES

HOURS OF OPERATION

Open Daily: 8:00 am - 7:00 pm
See posted schedule for support hours

SPACES

- Five “bays” are available for individuals or groups to use when engaged in maker activities.
- A sixth bay offers access to high-end measurement and testing equipment.
- Walk-up use and class reservations available: visit goo.gl/T4ZB9t to request a reservation.

RULES

- Users must be engaged in maker activities; bays are not for general study use.
- Users can check out kits and materials from the Service Desk or bring their own equipment.
- Safety first! Please read all available safety notices.
- Avoid static discharge.

SUPPORT

- Basic assistance is available from staff in the **Makerspace Den** during posted times.
- A number of books are available in the makerspace for reference and for checkout.
- Our research guide @ guides.lib.uh.edu/makerspace provides additional links to further learning resources.
- Free makerspace workshops are offered monthly. Visit our online calendar @ libraries.uh.edu/training for more information or to register.

MAKER RESOURCES

The MDA Library offers checkout and use of a variety of low-power, microelectronics kits and supplies for students to work with. These include:

- **Arduino Uno Starter Kits**
- **Raspberry Pi 2 Starter Kits** (keyboard and mouse required)
- **TI LaunchPad kits** (various models)
- **Altera FPGA development boards**
- **Bench kits** (cables for use with measurement and testing equipment)

Students are welcome to bring their own materials to the makerspace.

FUTURE

“Build-Your-Own Box” Accessory Checkout:

When launched, users will be able to select a custom set of maker accessories (sensors, motors, etc.) to experiment with.

FEEDBACK

Help us shape future makerspace services by providing your feedback and suggestions! Use our contact page: libraries.uh.edu/contact
